

WE LEARN BEST WHEN WE FEEL SAFE AND INCLUDED

Physical and Emotional Safety

Health and Physical Education promotes a physically and emotionally safe learning environment that recognizes and respects the diversity of all children and youth, and accommodates individual strengths, needs, and interests.

“When I am in Health and Physical Education class, I learn best because...”

We make sure everyone is safe.

I belong.

I am accepted.

I have a voice.

I can be anything I want to be.

I can try new things.

I am respected.

We follow safety rules.

This poster is the fourth in a series of six posters illustrating the Fundamental Principles in Health and Physical Education. To access the posters, please visit TeachingTools.ophea.net/AllAboutHPE.
